

Rockwood Financial Update

This year we are facing the challenge of funding our Rockwood mission without the benefits of another congregation sharing the costs of operating our facility. While this creates many additional opportunities for ministry it also intensifies the need for everyone who participates in the life of our church to share in the funding of our mission.

As Christians we demonstrate our loyalty to God in many ways, just one of which is faithfully returning ten percent of our income, which is used to fund the advancement of His church around the world and in our neighborhood.

However, in addition to our tithe, offerings directed to the local church budget help provide for the \$11,555 needed each month to operate our facility, elementary school, high school, community service center, and all the other local ministries that benefit the members of our church and community.

While \$11,555 sounds like a lot of money, when you consider the number of individuals and/or family units who participate in the life of our church each week it really boils down to around four percent of an individual or family's income. Practically speaking, for the average family unit in our church that translates to about \$3 per day. As you plan your individual or family budget I'd ask that you consider if the blessings you receive from participating in the life of Rockwood Adventist are worth \$3 per day. If so, please consider making offerings to our church budget a priority in your home.
