Church Health Improvement Team Report - Our team has been prayerfully considering what we can do to become an even healthier church body. One of the primary things they have identified is the need for members to become better acquainted and connected with each other. To foster this you will begin to notice some changes in the way we do ministry. Please consider embracing the changes as they begin to roll out. Use the opportunities they provide to connect with your fellow church members and make some new friendships that will last throughout eternity.

Ask the Pastor - If you have questions during today's sermon text them to Pastor Gene (503) 781-5799.
